COMER MAY RETURN TO POLITICS AGAIN

PEACE MAKERS ARE AT WORK IN CHINA

ROBISON IS REPORTED TO BE AFTER SENATOR JOHN BONH BEAT.

The Democratic State Executive Committee meeting which gathers in Birmingham Wednesday has been the entire topic conversation among the representative men of the state for the past week. It is well known that some of the members are going there pledged in certain quarters to call a convention and not have the people of Alabama given the privilege of a primary.

Far fewer men say they see a political plot and it is said to be instigated by former Governor B. J. Comer Richmond Pearson Hobson and Frank P. Glass to control the state.

Both Comer and Hobson want to go to the United States senate. But Hobson is willing to become governor and allow Comer to go to the United States seat and wait his time to follow. He has the young men.

The fight will be made against Johnson which will be several days off and some things may come up which will change the political set face.

The papers of the state with almost absolute accord have decided for a primary to allow the common wealth a say. If this is not done it is predicted by leading men that the committee men advocating a convention will sue their own throats. Some of them according to the best information, are cognizant of this fact and are holding back and want to beat around the bush for some substitute or another and prevent the flavor of public approval.

This was the trend of opinion around the capital today. It is also said Walter D. Scott is to be reckoned with in concert with those for our own eternal welfare and a firm faith and reliance upon the wisdom and goodness of the Great Architect of the Universe and in the end accomplish the best of our race.

Resolved that in thinking of this business we should bring to mind the remembrance of his wisdom, strength and ability, love and virtues and be reminded of the shortness of life and the uncertainty of its continuance. Remember that man's life is like a flower which bloom today and tomorrow is faded. At last let us all gain our appropriate places with him in heaven through Christ our Lord.

Resolved that the members of this Commandery deeply sympathize with the family of our deceased Sir Knight and truly render them their sincere condolences.

CONFERENCE TO END CHINESE IN PROGRESSION NOW AT SHANGHAI

Shanghai Dec. 18. The peace conference between Wu Ting Fung, the foreign secretary in the revolution cabinet and Tang Shao Yi representing Premier Yuan Shih Kai and five delegates selected by each side opened in the town hall here at 2:30 this afternoon.

The delegates arrived at the town hall at 2 o'clock. They immediately proceeded to business. All except the delegates were excluded from the building which is guarded by armed British police. The side door even allowed the same side for the street as the town hall.

One of the notable facts in connection with the peace conference is that both of the principal negotiators are aviators in Canton and old friends. On their first entrance into the room the greeting of the delegates was most friendly.

Tang Shao Yi this morning said that he does not represent the throne but is a personal representative of President Yuan Shih Kai. This statement may be regarded as a significant one.

HOPES FOR AN AGREEMENT

Both Wu Ting Fung and Tang Shao Yi privately expressed the hope before the conference opened that some agreement might be reached.

Amos P. Wilder, United States counsel general here, formally called on Tang Shao Yi this morning and talked with him on the subject of general interest without however touching on the question of the revolution. The strictest measures are being taken for the protection of Tang Shao Yi as an affirmation has reached the police that some

The third of a series of fires of curling yesterday was that of last night when a small blaze was discovered in the roof of Mr. Tom Love's house on Washington street. The fire department answered the call and extinguished the blaze with chemicals. BOLT RESTORES HER HEARING

Lightning Cures Deafness of Wilkes-barre Woman Afflicted Since Childhood—Cure Permanent

Wilkes-Barre, Pa.—Declaring that being shocked by lightning during a recent storm at her home in Canaan, Wayne county restored her hearing although she had been deaf since she was a child, Miss James Docker aged sixty-five years is now blessing the fact that she was struck.

Early in the week a bolt of lightning struck so close to her that she was thrown heavily to the ground and stunned. When after some hours she recovered she was surprised to find that she could hear an ordinary conversation. Fearful the change was but temporary she has waited six months to see if her deafness has returned. So far it has not.

You hear a good deal now-a-days about "guaranteed" merchandise; especially shoes.

Sometimes it's a guarantee that the shoes are made of good leather, with a lot of detail about the way they're made. Selz shoes are guaranteed to be satisfactory to you. What do you care what the shoes are made of if they're not satisfactory to you.

Sometimes it's a guarantee that the shoes shall wear a certain length of time; Selz shoes are Guaranteed to be satisfactory to you. What difference does it make how long they last, if they're not satisfactory. The longer dissatisfaction lasts, the worse off you are.

Selz shoes are guaranteed to be satisfactory; and that means your satisfaction, not ours or Selz. It means good leather of course; poor leather wouldn't be satisfactory. It means long service, of course; a shoe that wears out too soon isn't satisfactory. It means correct style and fit you wouldn't be satisfied with anything less.

A Wail From Oklahoma

WORKER DOHAN CITIZEN
WRITER OF SOME EVILS
WE KNOW NOT OF.

A F. Galloway, known by 1000 people in this section as Old Blue, is in Oklahoma, where he has been for some time, and like he was when here, will occasionally write a place for the paper. The Eagle is in receipt of the Shawnee News-Ledger containing an article on a recent question, and here is a part of it:

Who, in a civilized country, deserves a home? And in this state with the present condition of affairs, where are they in the face? A state without a capital! And taxed beyond human endurance!

Men of civilization and men of means are looking on with amazing astonishment at the present condition of affairs in Oklahoma, and some of the citizens, and, needless to say, when they know the unfortunate condition of affairs, all the more grieve to know before they launch their finances into the grasp of such reckless management, they turn their course to a more congenial and safer locality for financial investments.

The best advertised state or city and the most desirable locality for investment is where you have to pay a citizen's home and hire him to sell it, where the county at large is loaded with the economical administration of its finances, a reasonable rate of taxation and a general financial staff in whom they can confidently trust, and a state treasury with a surplus of funds sufficient to meet a reasonable emergency, and where real estate dealers have to "look around" for a house that is purchasable before they can meet the demands of a home seeking people.

But when a homesteader comes and a dozen real estate grafters grab him by his arms and scarcely leave him with a cent (and if they do, the loan that gave it is only represented by the absence of the string that was once interwoven in the now stringy warp), and he really comes to himself, to find that he has been forced into buying bonds which are now standing monuments to the memory of a deceased "state capital," he feels like running "home" back into "yonder world" and telling his five brethren not to come here."

A city's best advertisement is one where there is a chamber of commerce which can and will tell the truth upon the merits of a city.

municipal good government, and where copy houses are at a premium and hard to find, where the home seeker has to buy a home and "hire" the owner to give him immediate possession. But where glaring plots of new additions are being made of speculation, and great maps of an imaginary city with church steeple and "city hall" buildings are prominent in the air, with interurbans built to span the distance from city to city, with handbills scattered broadcast, purporting to the unscrupulous prospective buyer to "bounty" on his investment equal to the margin of a short loan money shark and when the sucker finds the net in his gills, he then fully realizes that he was in each deal halfbeaten to the once grand Prince Metropoli! But now the dead "parking plant."

The very idea of a state charging a "penalty" on delinquent tax payers of 18 per cent., when its legislature fixes the legal rate of interest to be charged its citizens at 8 per cent! It is preposterous in the extreme! Penalties follow criminality, and mere negligence in the payment of debts though it be due the state, county or city, should not be punishable by a "penalty," but should not the taxes be paid when due, then the legal rate of interest declared by the state, for good government among its citizens should be collected and that without exception.

If the writer of this, you want to know,

MASTER OF MISSISSIPPI BOAT

Woman Makes Man Rival Hustle to Retain Their Trade—Husband Has Subordinate Position

St. Louis—Mrs. Wyllie Hulett master and pilot of the good ship Mary is off up the Illinois river after another cargo of apples after unloading at Alton a thousand barrels for the New Orleans market. Old steamboat men who are eager to haul the same apples are crowding on extra steam to prevent Captain Hulett from getting his share of the business and part of theirs for Captain Hulett is a hustler and she is out for apples the only way to keep her from getting them is to beat her to them.

Mrs. Hulett is master and pilot of the Mary because she can tell one color from another and her husband cannot. Incidentally she is her husband's boss for he being color blind has to content with the subordinate position of engineer. Besides her husband Mrs. Hulett is boss of eight other men.

Bethel Hulett became a steamboat master after a school teacher in Calhoun county.

Three years ago the elder Hulett received and loaned the Mary to his son. When Hulett applied for a master's and pilot's license it was found that he could not distinguish colors in river navigating safely hangs upon the ability to distinguish the colored lights.

Mrs. Hulett took the examination and passed with a high percentage. The next time the Mary started on a cruise Mrs. Hulett was at the wheel and hers was the voice that commanded the engine and crew. She has been running the boat ever since.

NEW TERROR FOR AMERICANS

Montmartre Police Discover Counterfeits of Unusual Quality Are Spread by Anarchists

Paris—A new terror has been added to the many in store for the unwary American tourist who patronizes the establishments of Montmartre. The police have just discovered that a band of anarchist cutters has put in circulation over 30,000 francs worth of bad five franc pieces.

The leader of the syndicate is an unstable Maria Utopia who was condemned to death for her complicity in the revolt in Barcelona which preceded the execution of Ferrer. The proceeds are probably for the anarchist cause.

The coins are of unusually subtle manufacture composed of practically the same alloy as the genuine ones and such slight defects that only an expert could have detected them hence the facility with which they were put into circulation.

They were made in Barcelona two of the company going there every Friday returning to Paris on Tuesday with a fresh supply which they delivered to the other two who hastened to change them by making small purchases.

There four are now safely under lock and key but the two who brought the goods from Spain either received warning or suspicion before participating in the recent outbreak thus holding anarchist opinion like their chief.

Wagons.

We sell the "Mitchell" and the "Tennessee," in our judgement the best, based on experience in handling every make and brand of wagons sold in this section.

We have never known of a "Mitchell Wagon" tire having to be Re-Set.

The "Tennessee," although sold at a less Price, has a Guarantee that alone will sell it.

Harness

We are on the jobbers list in harness, having been placed there by the amount of goods bought, several years ago. This places us in position to sell at wholesale as well as retail. We would be glad to quote merchants prices at any time and guarantee to save them money.

We believe that our Special No. 7 Single Buggy Harness is the best value ever shown in Dothan.

Come to see us in our new quarters and make yourself thoroughly home whether you want to buy anything or not we are always be glad to see you.
